

CLIENT TESTIMONIALS

I work incredibly hard to ensure that my clients are extremely satisfied with all that I do to help them. It is therefore with great pride and appreciation that I publish the words that some of my clients have been kind enough to write about me.

These are highlights for non-flash users eg. iPad and iPhone. The full flash version can be found on my website.

I hope the experiences of my clients will help you to feel comfortable about working with me.

TESTIMONIAL HIGHLIGHTS

NON-FLASH FOR iPad & iPhone Users

From the first meeting emphasis was placed on us and our needs. The process was so smooth thanks to Eamonn making phone calls and arranging contracts at times when most REALTORS® would be home and in bed!

You would struggle to find a nicer chap and right away you know you can trust Eamonn.

You are truly a remarkable person to work with and are dedicated, dependable, hard-working and honest. We would, without a doubt, recommend you to anyone.

Eamonn is...calm and reassuring...I cannot recommend Eamonn highly enough. He bent over backwards to help us achieve our dream home at an affordable price...You will be guaranteed a smooth and pleasant relationship.

Eamonn was a godsend when we needed him. Great negotiator.

The list goes on and on of things he has done for our family, for which we are very thankful.

Eamonn has been there with us every step of the way...the amount of detail and effort that goes into Eamonn's replies is just immense...I think he knows more about us than we do!

I honestly couldn't imagine using any other REALTOR®...what an amazing job he's done of the listing!

He goes above and beyond what is expected and that makes him the great person he is.

Eamonn couldn't do enough for us. He makes you feel like his whole world revolves around your needs.

“Unfortunately the Real Estate business has a lot of poor REALTORS® in it and so when you find one that excels in his profession, then you keep him - that sir is you.” Tony & Betty

Eamonn showed great patience until we finally found the house we liked. He is honest and hard-working with integrity.

Eamonn has been a HUGE help!...always right on top of things...makes you feel reassured that your're not going to be pressured...very calm.

If you have already met Eamonn, you're very lucky.

He is friendly and helpful...a fantastic guy... we have not just found a REALTOR®, we have found a friend.

Without Eamonn's help, advice and common sense, we seriously wonder if we would have made it here at all...Eamonn continues to be a fantastic support. We trust him completely.

Eamonn is a top REALTOR® who I have no hesitation in recommending to anyone considering buying or selling.

Eamonn has gone the extra mile (several times) for us... responded fully to our myriad of questions...very professional and thorough...he is always objective and never tries to force his own opinion upon you.

Eamonn has been helpful every step of the way & continues to be a star. When we do buy a house, there is no-one else we would trust. If you are moving to the area you will wonder how you ever managed without him.

He bends over backwards to help you or to find out anything that you may need...he is just someone who is passionate about their job.

We have had REALTORS® before, but no one has done all the things you did for us... went beyond the call of duty to be there for us... You put in so much time and effort that we have so much confidence in you.
